#### **A. Overview of Information Collection**

Title of Information Collection: Energy and Performance Information Center (EPIC).

OMB Approval Number: 2577-0274.

Type of Request: Revision of a currently approved collection.

Form Numbers: N/A – all information collected electronically.

Description of the need for the information and proposed use: The Department has recognized the need for improving energy efficiency in affordable housing and has prioritized this in Agency Priority Goal # 4, Measure # 13. The energy efficiency data collected through EPIC gives the Department a more comprehensive dataset regarding energy efficiency. The EPIC data system will gradually automate the collection of the five year plan and annual statement forms from grantees. These are required forms presently collected in hard copy on Forms HUD 50075.1 and HUD 50075.2 under collection OMB control number 2577-0226. These forms also collect data on the eventual, actual use of funds; this data will be gradually collected electronically through the EPIC data system as well. Electronic collection will enable the Department to aggregate information about the way grantees are using Federal funding. Additionally, PHA grantees will be able to submit Replacement Housing Factor fund plans, the mechanism by which PHAs are allowed to accumulate special funds received based on units removed from the

inventory from year to year. This information is presently collected in hard copy at the field office level; the EPIC data system will automate and centralize this collection in order to streamline the process and improve transparency. Furthermore, the EPIC data system will be loaded with Physical Needs Assessment (“PNA”) data. This data being in the system coupled with the electronic planning process will streamline grantee planning. The EPIC data system will collect information about the Energy Performance Contract (“EPC”) process, including the energy efficiency improvements. As the Department moves to shrink its energy footprint in spite of rising energy costs, clear and comprehensive data on this process will be crucial to its success. Finally, the Department has prioritized in Agency Performance Goal # 2, Measure # 5 making housing more available for more families. In the light of the recent housing crisis, this goal has become simultaneously more challenging and more important. Tracking of the use of Federal funds paid through the Public Housing Capital Fund, the only Federal funding stream dedicated to the capital needs of the nation’s last resort housing option, is crucial to understanding how the Department can properly and efficiently assist grantees in meeting this goal as well as assessing the Department’s own progress. The EPIC data system will track development of public housing with Federal funds and through other means, including mixed-finance development.

## **B. Solicitation of Public Comment**

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

**C. Authority:** Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. chapter 35 as amended.

Dated: March 26, 2016.
